EPWORTH LEAGUE ORGANIZED

Mt. Zion Takes Another Step Forward; Epworth League Organized Sunday Night.

At the invitation of the pastor and his congregation at Mt. Zion, an organizing team from the Marion Epworth League on last Sunday evening went to Mt. Zion for the purpose of perfecting an organization at that place.

Mt. Zion bears the name of being the liveliest country church in the county, and the community with its large number of splendid young people offers a wonderful opportunity for the development of a real live wide awake League. The League will mean much to the church and to the spiritual life of the young people of the neighborhood.

The organizing team was under the direction of Miss Clara Nunn, President of the Marion League.

After scripture reading by the pastor, Rev. Renfro, and prayer by Mrs. O'Neal, a brief but very enjoyable entertainment program was given. It consisted of a reading by Miss Nellie Stone a vocal solo by Miss Gussie Burgett and a patriotic reading by Miss Lena Holtzclaw Hollis C. Franklin then spoke of the Epworth Leagues of means of service for the young life of church. Miss Clara Nunn then explained the workings of the League. At the conclusion of Miss Nunn's talk more than thirty young people expressed their desire to become members of the Mt. Zion Epworth League.

The people of Mt. Zion have every reason to be proud of their young people and the young people themselves are pleased with the outlook for the League.

The members of the organizing team, besides those who appeared on the program were: T. H. Cochran, Mr. and Mrs. W. R. Croft, Miss Mary Dollar, Miss Elva Pickens, and Miss Ruth Moore. Visitors with the team were: Miss Gladys Hardy, Messrs. Elzie and Newton Moore and Robert Hamilton.

The Pop-Corn Popper Popped.

Billy Eskew was painfully burned last week when a pop corn popper he was operating exploded, blistering his face in several places pretty severely. The accident came near causing him to lose an eye. Billy says some boy turned on the gasoline while he was gone to dinner and that caused an explosion the moment he lighted the lamp. Fortunately Billy was not fatally burned. Boys should keep their hands off things not their own.

Six Months' Old Calf is

Sold For \$106,000.

Milwaukee, Wis., June 8.—Champion Sylvia Johnson, a six month old Holstein bull calf, sold for \$106,000 at the state fair park here yesterday. The previous record price was \$53,000 paid for the calf's mother, May Echo Sylvia, a year ago. The mother holds the world's record with 41.01 pounds of butter and 1,005.80 pounds of milk for a seven-day period.

The seller was A. C. Hardy, Brockville, Ont., and the purchaser E. A. Stuart of Oconomowoc, Wis.

U. S. RAILROAD ADMINISTRATION

W. G. McAdoo Director General Washington, D. C., Desires That Justice be Done.

May 28th, 1918.

To all railroads and terminal companies under government control.

The Federal Control Act contemplates that suits for personal injuries may be brought as heretofore, provides that executions

may not be levied on the property of the carrier while in the possession of the Government.

This means that while a judgment may be recovered, it devolves upon the Director General to provide for payment and this places upon him the responsibility of considering the merits of the claims and the persons to whom payment is made. It is the desire of the Director General that justice shall be done to all employees who are injured in the discharge of their duties. This does not mean that verdicts

based upon prejudice or passion shall be paid or that large sums

shall be paid by the Government attorneys and solicitors who have no claim upon the Government.

The right is reserved to consider the merits in determining what provision shall be made.

It will be the policy of the Government to discourage litigation, and to deal directly with injured persons to the end that the injured person may receive the benefit of any amount which the Government pays, without the expense of litigation, and without being compelled to turn over one-half to an attorney. You may, therefore, let it be known that such claims will be considered on their merits.

As to fee contracts: You are authorized to exercise a wise discretion, and are not required to make payment as provided therein, but only on such terms as will enable the person injured to receive just treatment. If the contract is unjust you may pay the attorney such reasonable sum as will pay him for the services actually rendered.

Regional Director.

In addition to the above order the administration has also ordered that, on account of the interference in the operation of trains and the delays in the movement of troops and war supplies so caused by the sending of trainmen as witnesses. Cases requiring the attendance of such witnesses shall be continued during the period of war. Upon a statement being filed in court by the Railroad, asking for a continuance.

SHOCKING NEWS.

Miss Jewell Hill, of Seattle, Washington, who came to Kentucky a few weeks ago to spend the summer with her grandparents, Mr. and Mrs. T. M. Hill, and other relatives, received a telegram Saturday evening telling her of her mother being instantly killed. The message did not state how she was killed or give any particulars. Miss Jewell left on the first train for her home in the far west but will not reach there until today, as it takes four days to make the trip. Her mother was Miss Flora Melton, of Blandville, Ballard county, before her marriage to Duke S. Hill. Her husband, one daughter and four sons survive her.

NATIONAL WAR SAVINGS

STAMP DAY FRIDAY, JUNE 28.

Will your dollars help Crittenden county to go "over the top?" An idle dollar is a "slacker" dollar. Don't have any SLACKER dollars!

A country that is good enough for the best manhood of our land to fight and die for is good enough for YOU to save for. Make up your mind now as to how much you will invest on June 28.

Uncle Sam wants to raise \$2,000,000 by Jan. 1, 1919. He pays you interest at 4 1/2 per cent, compounded quarterly, a higher rate of interest than any bank in America would pay you—an investment as safe as the nation.

Invest \$4.17 on June 28, 1918, and draw \$5.00 on Jan. 1, 1923. Invest \$83.40 on June 28, 1918, and draw \$100.00 on Jan. 1, 1923. Can you think of a better investment?

Every man in the county will be asked to buy on or before June 28. You will be expected to invest every dollar you can. When a man asks you to buy War Savings Stamps DON'T REFUSE this chance to help the boys "over there."

Your dollars will help America to win. Tell your friends that June 28 is the day on which every man, woman and child in Crittenden county will be expected to buy War Savings Stamps. Ask your postmaster or any rural carrier. BUY NOW.

Says Battleships Have

Destroyed Half Of Subs

Washington, June 12.— Senator Swanson, acting chairman of the naval committee, after a conference with navy heads today, declared that the allied and American naval forces have destroyed 60 percent of all German submarines constructed and that they have cut shipping losses in half.

Chickens Hatched in Marion In a Coal Oil Stove.

Mrs. E. H. Porter has gained an enviable reputation this season as a raiser of young chickens and she now has a fine brood with no mother. One of her hens sickened and died recently leaving a nest full of eggs.

Mrs. Porter immediately brought her oil stove into requisition and put her eggs near it and kept the room closed and the eggs covered with warm cloths, with the result that they hatched at the proper time. The chickens are lively and healthy and having never known any other mother than Mrs. Porter, they are quite happy and do not miss the hen.

They will be looked after, fed, watered and given every opportunity by their foster mother, we suppose, and are probably the first batch ever brought off by the use of an old fashioned coal oil stove.

W. O. W. Decoration Day.

Next Sunday, June 16, is W. O. W. Decoration Day at the new Marion cemetery. All Woodmen are requested to meet W. O. W. Hall promptly at one o'clock, where the line will be formed for the march to the cemetery. This is an interesting service and should attract a vast throng to witness the ceremonies.

BITTEN BY A SNAKE.

Winfield Hughes who lives on the Piney road about one mile from the court house was severely bitten by a copper head snake one day last week. When he got up in the morning and went to the kitchen to make a fire in the stove he put his hand in the wood box where the snake was concealed and it struck its fangs into the back of his hand. Antidotes were quickly applied and a physician called, and while the wound was quite painful and his hand badly swollen he does not anticipate any serious trouble unless some complication should arise.

NOTICE TO CONTRACTORS.

Having a school house to build at Cookseyville, The Crittenden County Board of Education, will receive sealed bids from any one who desires to erect this house, at 2 o'clock on Monday, June 10, 1918. The house to be completed within the time, and according to plans and specifications which may be seen in the Superintendents office, and will be given to the lowest and best bidder, unless the County Board should think it best to reject any and all bids, the right to do being reserved.

Respectfully,
J. L. F. PARIS, Supt.

Ordered Into Army Uniform.

Pomeroy, O., June 7.—Benny Kauff, outfielder for the New York Giants, and one of the best known baseball players in the county today, was ordered by his local draft board to report for military service on June 24. He probably will be sent to Camp Sherman, O.

They say the wedding bells will ring in Marion before June two-thirds gone and again soon after July is half past.

THE CLYDE PRESSING SHOP

I have moved to the concrete building opposite the New Crittenden Hotel, where I am prepared to do Short Order Cleaning and Pressing. I guarantee satisfaction. Phone 303.

My boys deliver promptly, when work is done.

CLYDE RAMAGE.

SON-IN-LAW OF REV. H. V. ESCOTT

Signally Honored -- Third Vice President of L. & N. Gets Appointment.

Addison R. Smith, third vice-president of the Louisville & Nashville Railroad Co., in charge of traffic, is today serving his connection with that company, to take the position of assistant regional director of railroads of the southeastern region, with headquarters in Atlanta. He will have charge of traffic of all of the railroads in the entire section.

The appointment was made in Washington and came through B. L. Winchell, regional director of the southeastern region.

G. B. Lovall, vice president of the Southern Railway Company, will be assistant director of the Southeastern region in charge of operations.

The Southern region has been split, and C. H. Markham, who has been director of the Southern region, has been made regional director of the Allegheny region.

Mr. Smith is the son of Horace F. Smith, vice president of the Nashville, Chattanooga & St. Louis Railroads Company, and a nephew of Milton H. Smith, president of the Louisville & Nashville Railroad Company. He entered the service of the Louisville & Nashville in 1887 as an office boy in the office of Stuart R. Knot, then vice president of the company. He advanced steadily and rapidly and became chief clerk in the freight department. Later he left the L. N. and became secretary in the Southeastern Mississippi Valley Freight Association, and subsequently held various positions with the Southern railroad, and was general freight agent of the Western of Alabama, and was also with the Atlanta & West Point Railroad Company. In 1905 he returned to the L. N. and was made third vice president in charge of traffic.

Mr. Smith is regarded as one of the most capable traffic men in the country, and his selection to the important post of traffic director of the entire southeastern section of the country comes as no surprise to those associated with him in the management of the L. & N. and to other railroad men who are familiar with his capacity for work and his ability.

The last post.—"Watchman, what of the night?"—Isaiah, 21:11 "I heard a voice from heaven, blessed are the dead which die in the Lord."—Rev. 14:13. In the grand review.—"Well done! that they may rest from their labors. Thou good and faithful servant, enter thou into the joy of the Lord."—Matt. 25:21.

Eight Indicted For

Vagrancy At Princeton

Eight men were indicted for vagrancy at the session of Caldwell circuit court, which ended at Princeton Saturday. Their cases were continued until the next term. Judge Carl Henderson severely lectured the defendants and told them to go to work.

Princeton Leader.

French Merchantman Fights Submarine Off U. S. Coast. An Atlantic Port, June 8.—A French armed merchant ship came into port here yesterday and reported an encounter with a German submarine off the Virginia capes. Details of the battle are lacking, but it is said the fight occurred a short distance outside the capes. The extent of the damage to the merchantman is unknown.

Paper Published by Engineers in Washington Gives Quotations From Bible.

"The Sapper," the official paper published by the 318th engineers, stationed at Vancouver barracks, Vancouver, Wash., of which Robert Adams, formerly of Evansville, is a member, gives the following quotations from the Bible under the title of "What God Says to His Soldiers":

Reveille.—"Awake, thou that sleepest and arise from the dead and Christ shall give you light."—Eph. 5:14

The roll call—"I have thee by name; thou art mine."—Isaiah, 43: "And He calleth His own sheep by name."—John, 10:3

Attention.—"Look unto Me, and be ye saved."—Isaiah, 45:22

Quick march.—"I press toward the mark for the prize of the high calling of God in Christ Jesus."—Phil. 3:14

Halt.—"Stand still, and see the salvation of the Lord."—Ex. 14:13

Stand at ease.—"I will give you rest."—St. Matt., 11:28

When on guard.—Watch ye and pray lest ye enter into temptation.—Mark, 14:38

When in camp.—"The angel of the Lord encampeth round about them that fear Him, and delivereth them."

When fighting.—Fight the good fight of faith, lay hold on eternal life."—1 Tim., 6:12

When wounded.—"They that wait upon the Lord shall renew their strength."—Isaiah, 40:31. In quietness and in confidence shall be your strength."—Isaiah 30:15

When a prisoner.—"Fear not, for I am with thee; be not dismayed, for I am Thy God."—Isaiah, 41:10

In the hour of death.—"Let not your heart be troubled; ye believed in God, believe also in me."—John, 14:1. When thou passest through the waters I will be with thee."—Isaiah, 43:2 "I will never leave thee."—Heb. 13:5

The last post.—"Watchman, what of the night?"—Isaiah, 21:11 "I heard a voice from heaven, blessed are the dead which die in the Lord."—Rev. 14:13

In the grand review.—"Well done! that they may rest from their labors. Thou good and faithful servant, enter thou into the joy of the Lord."—Matt. 25:21

ZONE SYSTEM FOR ARMY'S PURCHASES

TERRITORY HAS BEEN ALLOTTED TO EACH OF THIRTEEN GENERAL SUPPLY DEPOTS.

ORDNANCE EQUIPMENT READY

Every Soldier Leaving for France Has Been Fully Outfitted—American Merchants Take Over the Interests of German Fur Men.

(From Committee on Public Information.) Washington.—A zone system for the apportionment of purchases throughout the United States and to facilitate distribution has been established by the quartermaster department. Territory has been allotted to each of 13 general supply depots. The general supply depot quartermasters are charged with the duty of ascertaining the manufacturing possibilities of their zones. On the basis of reports along this line forwarded to the acting quartermaster general, food and equipment for troops at the different camps will be purchased within the zone in which the camp is located.

Formerly nearly all of a particular class of supplies was purchased through a single general supply depot. Other articles were obtained through other supply depots. Manufacturers in sections distant from the particular supply depot buying their goods were at a disadvantage, and were unable to compete with rivals nearer the point.

According to the Leipzig correspondent of a Christiania newspaper, the Leipzig spring fair showed exhibits of many substitutes and surrogates which have been placed on the market in Germany. Descriptions of some of these have been received by the United States chamber of commerce:

A surrogate for pepper is offered for sale which, judged only by its appearance, seems almost the same as real pepper. The color, odor and taste have been surprisingly well imitated.

A tea is shown to which the name of "German tea" has been given. It is prepared from any one or a combination of a great variety of plants, from strawberry leaves to linden blossoms. It is said to taste very much like genuine tea, but even a half dozen cups will not produce the stimulation caused by a single cup of real tea.

There are any number of surrogates for marmalades. Most of them are prepared from garden vegetables instead of from fruits, with a minimum amount of sugar.

Substitute soap is offered for sale, which is said to have been prepared from the oil in berries and from pumice stone. It lacks, however, the one main characteristic of soap, that of working up into a rich, creamy lather; otherwise it is very good. Substitutes are also to be had for laundry bluing.

Substitute bicycle tires are sometimes made of two concentric iron rings with small springs between them. They are very serviceable on asphalt pavements, but are not exactly as noiseless nor as easy riding as genuine rubber tires.

A large number of articles offered for sale had been prepared largely or entirely from paper—coarse working clothes for men and women, blouses, sashes, and other fabrics. There were paper belts which seemed capable of driving heavy loads.

Many artificial and substitute leather were noticed. Brass and copper articles were not seen, and attempts were made to place substitutes on the market in the form of plated ware.

A committee on public information representative in London says:

London has never heard of a baseball season before, but will get its chance this year when the American baseball league gets its schedule of games well underway. There are eight American and Canadian teams recruited in London, with games scheduled for each Saturday during the summer.

The thousands of American soldiers who may pass through London, or be invalided or stationed here, are in a fair way to be made to feel that England is the next best place to home and that English hearts are kept warm for them.

"Make England the Sammy's 'blighty,'" is the way the English press puts it in urging readers to entertain the American troops. "Blighty" is the war word for everything the soldier wants in intervals of his fighting; work; the place where friends, recreation, and homelike comfort await him.

The Weekly Dispatch recently called for suggestions for a public entertainment to be offered American soldiers and an instant response made them-selves of dollars available for amusements and entertainments. The idea found greatest favor, however, was to throw open the homes of the nation to the Sammies.

An officer commanding an American squadron operating with the British fleet has reported on a late inspection and speaks in high terms of the present state of efficiency in which he finds both ships and men.

"Vessels show the most gratifying improvement in battery and fire control," he said. "Our ships are smart, spick and span, and have been recipients of many high compliments from British flag officers."

Prior to the war the treasury prepared approximately 150,000 checks annually for the payment of interest on registered bonds of all loans, the issue of these 150,000 checks being distributed through the year. In the May payment of interest on registered bonds of the second Liberty loan more than twice that number of checks were prepared.

More than 2,000,000 members of American fighting forces are now insured by the United States government.

SAVE ALL MATERIALS FOR WAR PURPOSES

PRESIDENT WILSON APPEALS TO AMERICANS TO BUY ONLY ESSENTIAL THINGS.

WAR IS ONE OF NATIONS

All of the 100,000,000 American People Must Be Economically and Industrially Adjusted to War Conditions.

Washington.—To save materials and labor for necessary war purposes, President Wilson has appealed to Americans "to buy only those things which are essential to the individual health and efficiency," and to volunteer on or before June 28, national thrifit day, to invest systematically in war savings and thrifit stamps or other government securities.

"This war is one of nations—not of armadas," said the president, "and all of our 100,000,000 people must be economically and industrially adjusted to war conditions. If this nation is to play its full part in the conflict, the problems before us is not primarily a financial problem, but rather a problem of increased production of war essentials and the saving of the materials and the labor necessary for the support and equipment of our army and navy. Thoughtless expenditure of money for non-essentials uses up the labor of men, the products of the farms, mines and factories, and over-burdens transportation, all of which must be used to the utmost and at their best for war purposes.

Results Damand Unity.

The great results which we seek can be obtained only by the participation of every member of the nation, young and old, in a national concerted thrifit movement. I therefore urge that our people everywhere pledge themselves as suggested by the secretary of the treasury, to the practice of thrifit; to serve the government to their utmost in increasing production in all fields necessary to the winning of the war; to conserve for food and fuel and useful materials of every kind; to devote their labor only to the most necessary tasks, and to buy only those things which are essential to individual health and efficiency.

And that the people, as evidence of their loyalty, invest all that they can have in Liberty bonds and war savings stamps.

Door Wide Open.

The securities issued by the treasury department are so many of them within the reach of everyone that the door of opportunity in this matter is wide open to all of us. To practice thrifit in peace times is a virtue and brings great benefit to the individual at all times; with the desperate need of the civilized world today for materials and labor with which to end the war, the practice of individual thrifit is a patriotic duty and a necessity.

"I appeal to all who now own either Liberty bonds or war savings stamps to continue to practice economy and thrifit and to appeal to all who do not own government securities to do likewise and purchase them to the extent of their means. The man who buys government securities transfers the purchasing power of his money to the United States government until after the war and to that same degree does not buy in competition with the government.

The American losses were insignificant. The enemy lost all the 14 men who penetrated the American position—none having been killed, one having died of wounds and four having been made prisoner.

BAD MONTH FOR SUBMARINES.

Allies Are Rapidly Overcoming the Submarine Menace.

Paris.—As proof that the allies are rapidly overcoming the submarine menace Georges Leygues, the minister of marine, informed the army and navy war committees of the senate that Great Britain and the United States alone had constructed in April 40,000 tons more shipping than was sunk by the enemy. The minister declared also that means employed to rid the seas of submarines had become increasingly effective since January with decisive results.

DRIVE WEDGE INTO ALLIES

We Important Ground in the Chemin-des-Dames Region—Giving Allies Struck.

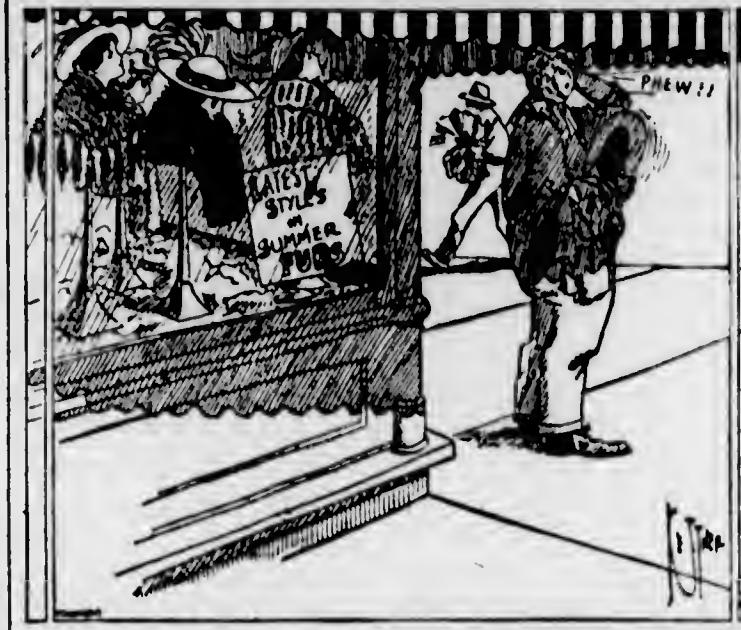

London.—The reports from the battlefields of France, both official and unofficial, show that the allies have again suffered a setback, whereby they have lost all ground in the Chemin-des-Dames region so gallantly won by the French in the great struggle from April to October, 1917.

The enemy has driven a wedge into the allied line on a front of some 25 miles, and at last reports the tremendous battle was still continuing about Flanders, which is the center of important allied communications. French reserves, however, were arriving to contest further enemy advances.

Big Savings Will Result.

Washington.—Savings of millions of dollars and better service to millions of people of the United States was predicted as a result of the merging under a private corporation with a capital of more than \$20,000,000 of the four leading express companies of the country—the Southern, Adams, American and Wells-Fargo. Announcement of the merger was made by Director-General of Railroads McAdoo, who formulated the agreement. The combination becomes effective July 1.

Dame Fashion's Latest Decree

HUN ATTEMPT TO RETAKE CANTIGNY

CONTINUOUS WAVES HURLED AGAINST AMERICANS—HUNS STRIKE STONE WALL.

MANY GERMANS ARE KILLED

Three Attempted Hun Raids in Lorraine are Repulsed by American Artillery Fire and Infantry Action.

Washington.—Complete repulse of further enemy attacks upon the new American positions near Cantigny is announced in General Pershing's communiqué, issued at the war department. Fighting continues active around Cantigny and in Lorraine.

The Americans evidently have been subjected to almost continuous attacks since they stormed their way into Cantigny. In every case the enemy's waves have been broken against the stone wall resistance of the Americans.

This latest German assault appears to have been the heaviest the Teutons have yet essayed in their attempt to evict the overseas men from the village of Cantigny.

The dispatch follows:

"The enemy has been again completely repulsed by artillery fire and infantry action in attack against our new positions near Cantigny. Artillery fighting continues active there and in Lorraine, where it includes the use of gas shells.

"Section B in Lorraine the enemy was again very active against our troops. There again was considerable shelling with gas, but the results obtained were very small.

"Protected by an artillery barrage a raiding party of about 60 men attempted to surround one of our advanced posts. The attempt was a complete failure, the enemy losing 10 dead and four wounded. Of these some were killed in bayonet fighting. In this case also our casualties were very light.

"During the night two other attacks on our lines were prevented by our barrage and machine gun fire, the enemy failing to penetrate our wire.

"Lieuts. Fisher, Curtis, Buford and McNaughan, flying at 4,000 meters, on patrol duty, encountered hostile planes in the region of St. Mihiel. In the fighting which ensued one of the hostile planes broke into flames and fell.

"Credit for bringing down airplane is given to Lieut. Rickenbacher and Lieut. Timbleton.

"An English aviator returning from a bombing expedition, was wounded in the arm. He was chased by two enemy machines. Lieut. Campbell drove the hostile airplanes off, enabling the English aviator to return to his airdrome safely."

ENEMY ADVANCE IS HALTED

French Statement Says Enemy Progress is Prevented in Western Outskirts of Soissons.

Paris.—"We have prevented enemy progress in the western outskirts of Soissons," says the official report from French headquarters.

"To the south we solidly hold the left bank of the Cris river. The Germans are multiplying their efforts in the direction of Ville-en-Tardenois and Verzy.

"The battle continued with undiminished violence along the whole extent of the front.

"On our right and to the northwest of Rethum we are holding our positions.

"The enemy air forces, which have been very aggressive and numerous during the battle have been attacked with the greatest daring by French airmen, who destroyed 13 German machines, brought down two balloons and compelled 23 enemy airplanes to land in a damaged condition."

"French aviators dropped 23 tons of explosives on bridges and crossings on the Alette and Aisne and on various caissons. Thirty-seven tons of bombs were dropped on convoys, troops and railway stations."

Twenty-Six Killed in Air Raid.

Amsterdam.—The Rotterdam Maasbode reports that an antiaircraft raid has been carried out over IJde. The Longdoz railway station was destroyed and 26 persons were killed. The Longdoz railway station is the junction point for lines running to Namur and Maestricht.

Austrian Aviator is Killed.

Paris.—Lieut. Kiss, reputed to be the leading Austrian aviator, has been killed in an aerial battle, according to a dispatch from Berlin.

Washout Causes Loss of Three Lives.

Amarillo, Tex.—Three lives are known to have been lost and much property damage done in portions of the Panhandle region of Texas as a result of heavy rains and wind storms which swept this part of the country, according to reports received here.

Made An Honorary Member.

Washington.—Honorary membership in the Military Order of Foreign War of the United States was conferred on President Wilson by a committee of the New York commandery.

The Housewife and the War

(Special Information Service, United States Department of Agriculture.)

EAT POTATOES EVERY MEAL

Stuffing Potatoes, One of the Attractive Ways of Preparing Them.

POTATO RECIPES FOR FAMILY USE

Millions of Bushels of Good Food Will Be Lost Unless Consumed Quickly.

MADE A DUTY AND PLEASURE

Some Menus Worked Out by Experts Without Allowing Them to BeCOME MONOTONOUS—Others Are EASILY Obtainable.

Do you know that there are millions of bushels of potatoes in the United States in excess of the usual supply at this time of year, and that, unless people generally eat more potatoes than they ordinarily do, millions of bushels of good food will be lost at a time when nearly the whole world is suffering for food? Potatoes are bulky and heavy and cannot well be transported over seas. The United States must eat its own potato and release other foods for export.

Eating potatoes every day is a duty—and eating potatoes every meal can be made a pleasure. Following are some recipes, worked out by the cooking experts of the United States department of agriculture, covering every meal for two days. Similar recipes, both economical and palatable, have been worked out covering every meal for a week.

For breakfast:

Potato Omelet.

1 cupful mashed potato 1 teaspoonful salt
1 egg
1/2 teaspoonful pep-3 (tablespoonfuls of cream or milk).

Wash eggs and separate the white and yolks. Add the yolks to the potato and heat until there are no lumps. Season with onion juice, if desired, and chopped parsley. Beat the whites until stiff and fold into the potato mixture. Put into a well-oiled frying pan and bake in oven until brown. Then turn and fold on hot platter. Serve at once.

For lunch or supper:

Potato and Corn Chowder.

1 pint canned corn 1 small onion chopped
1/2 cupful potato cut in small pieces 1/2 teaspoonful pep-4 (cupfuls of skim milk per 3 ounces salt pork. 1/2 tablespoonfuls of cornstarch.

The salt pork should be cut into small pieces and cooked with the chopped onion until the onion is a golden brown. Add the potato and cook for ten minutes. Add the milk and corn and cook slowly in a double boiler. Add the flour mixed to a smooth paste with an equal amount of cold water. Add the pepper and additional salt if necessary. Cook until the mixture is creamy.

For dinner:

Brown Potatoes With Roast Beef.

Parboil potatoes for ten minutes. Remove the skins and slice the potatoes on a roasting rack with meat. Bake them for about 40 minutes, or until the potatoes are tender, basting them occasionally with the juice in the pan.

Use the leftover potatoes to make potato cakes. They are very good served for breakfast with crisp slices of bacon. Brown them in the bacon fat.

Potato Cakes.

Season cold mashed or riced potatoes to taste with salt and pepper, and mix with a little milk. Add egg, if desired. Mold with the hands into small round cakes. Fry on both sides in well-greased skillet, frying pan, or griddle, and serve hot.

For supper or lunch: Potato soup can make the largest part of the meal.

Potato Soup.

Boil three medium-sized potatoes and when soft rub them through a sieve. Slice a small onion and scald this and a little chopped celery or one

quarter teaspoonful celery salt in five cupfuls of skim milk. Remove the onion and add the milk slowly to the potatoes. Mix one and one-half tablespoonfuls corn starch, one and one-half teaspoonfuls salt, and a little cayenne pepper to a thin paste with two tablespoonfuls cold milk. Stir this mixture into the boiling soup. Continue to boil for one minute; strain and serve.

Stuffed Potatoes.

Bake potatoes in a hot oven for about 45 minutes or until soft. Cut a slice from the side of each and scrape out the inside. Mash this and season with salt and pepper. Add enough heated milk to bring to the consistency of ordinary mashed potatoes. When partly cooled add egg. This may be left-over whites or yolks or whole eggs, well beaten. Add not more than one egg to six medium-sized potatoes. Refill the skins, brush with melted fat, and put back in the oven for 5 or 10 minutes. Serve hot.

STAY SLENDER

Body fat is stored-up energy. Keep your energy in circulation—not in storage. Don't be afraid of potatoes. Eat plenty of them. Use up the energy they give you for your war work and stay slender.

Eat Well. Work Hard. Be Patriotic.

Write to the United States department of agriculture for new potato recipes.

Baking With Wheat Savers.

Wheat saving need not involve hardship. Nor is there danger of hunger for lack of bread. Abundant crops of other cereals are available to mix with wheat flour in making palatable and nutritious breads. If every housewife would use some substitute for wheat flour in whatever bread, biscuits, pastry, and so on she prepares, the necessary saving in wheat would be accomplished. In Farmers' Bulletin 835 of the department of agriculture complete directions are given for making bread, biscuits, muffins, cookies and various kinds of pastry in which wheat flour substitutes are used.

In yeast bread as much as 25 per cent flour or meal from other grains or from dried peas, beans, potatoes, nuts, and so on may well be used, the publication says, and as much as 50 per cent in "quick" or hot breads produces articles excellent in flavor and attractive in appearance. It is not necessary to use these substitutes always in the form of flour or meal. The use of boiled or baked potatoes, cornmeal mush, cooked rice, and so on, all produce breads which compare well with those made from the corresponding flours or meals. This enables the housewife to make good use of left-over food and to prevent waste.

Substitutes for Sugar.

Satisfactory substitutes for sugar may be used to a much larger extent. These include sorghum, corn and cane syrup, maple sugar and syrup, and honey. The maple syrup and sugar production can and should be increased in those areas in which maple trees are growing in sufficient numbers to warrant the expenditure of the necessary time and labor. Maple syrup and sugar are produced in 10 states, the annual output exceeding 14,000,000 pounds of sugar and 4,000,000 gallons of syrup. These figures can be increased. The production of sorghum syrup in 1917 exceeded that in 1916 by nearly 4,000,000 gallons. Sorghum syrup may be produced in nearly every state in the Union. An increased production of sorghum syrup will enable the public still further to conserve the sugar supply in the most available form for transportation to our soldiers.

Excellent succotash can be made with dried lima beans and dried corn.

NEWS and GOSSIP of WASHINGTON

Washington Residents Fleecing the Patriotic

WASHINGTON.—"Most persons are greedy." The words were spoken by a many of her fellow Washingtonians were exploiting the war situation. "Some I know," she said, "have an apartment that they used to rent unfurnished for \$45 a month. They have furnished it simply and tastefully and they are now getting \$150 a month. I call that performance simple extortion."

It is, obviously, extortion. And it is a typical case. Many of the sufferers from the extortion have come here out of patriotic motives and are working for the government either without pay or for very much less than they are used to getting. A capable man came here and offered his services to one of the most important of all the war boards. He was told that he would be given a position if he would agree to take 40 per cent of his average salary for the last three years. He did agree and he went to work with a will and he wrote to his wife and children that he would send for them just as soon as he could find the right kind of house.

He finally was driven to thinking that it would be best for him to take an apartment that was furnished. But he couldn't find one.

At this point he decided to go home.

The government lost an able worker through not taking care of him properly.

Now it realizes and it has provided an agency to see that the war workers are properly housed.

With Blood in His Eye Dog Cop Seeketh the Sly

THIS is the tale of some cops and a hound; a taxi adventure, and the district dog pound. The cops are now mad; the hound is quite dead, while one taxi chauffeur is some bucks ahead. Murphy, dog cop at the capitol grounds, espied a big bulldog while making his rounds. He picked up the canine with great expectation of fetching it to owner with hopes of recompence. The other policeman with hopes of some fun, with much speed and action to phone booths did run, while Officer Boyd said to Murphy, who see, "you call up and find who the owner might be." When Murphy called up, the wires were "pulled" and Murphy, unknowing, was thoroughly "bulled," for instead of the owner the officer spoke to the other policeman, "in on" the joke.

He asked for reward; the answer was "yes," and Murphy was given a "phony" address. Exultant, the victim the bulldog did grab, and made a wild dash for near taxicab. The address he shouted off and off they did go, where quiet reigned for an hour or so. Later Murphy, the dog and the taxi came back, with Murphy bewailing— alas and alack!—that the address he'd sought he never had found and the confounded mutt he would send to the pound.

Murphy was busted; he hadn't a cent, so the chauffeur to Officer Calkins he sent. Calkins, amazed, heard the taxicab blare that he was expected to pay Murphy's fare. At that there were signs of a violent fight, till the capitol cop captain hove into sight. So Calkins, bewildered, dug deep in his jeans and greased the chauffeur's palm with sundry odd beans.

There endeth the yarn of the cops and the mutt, the taxi, the joke, in fact everything—BUT—

The fact that Cop Calkins is waiting to know by whose low-down scheme he was ordered to blow the most of his pay for a darned taxi-toot and then get a call from the captain to boot.

Girl War Workers Are Not Afraid of the Dark

THAT prewar girl who was "afraid to go home in the dark" is very much among the missing. Girls, especially war workers in Washington, think nothing about going about alone late at night. There's so much to do that girls cannot be bothered with escorts. They found that the bugbear around the dark corner hasn't materialized.

Especially is this true of the group that is working under the direction of Miss Stella Osborne at the District campagna headquarters of the Red Cross.

There are girls from several government departments that have been doing clerical work for the Red Cross every night since early in April except the night after the parade when they all were pegged out with marching. They are preparing for the big drive that is to take place soon for the purpose of obtaining funds for the Red Cross.

Their services have been devoted gratis to the cause and should the hours they have put in be counted in the final reckoning up of the fund it would be found to be quite an item.

They have a complete organization. A girl was chosen by the chief clerk in each government department to be a member of the clerical committee. Under each of these girls is a corps of six assistants. Those in turn have reserves.

As the headquarters would not hold all the workers some of them work at night at the library of congress under the direction of Mrs. Woods. Others are at the interstate commerce commission at night, and still others are burning the midnight oil for Uncle Sam in the post office.

"Central" No Longer Is Bureau of Information

WASHINGTON, the most talkative place in the United States, if press bureaus of the various departments are to be classed as "word producers," is one of the first large cities of the nation to eliminate talk among its telephone operators. By an order issued by the company operating the capital telephone system unnecessary and frivolous questions will not be answered by "central."

If you forget to wind your watch at night and wake up early in the morning oblivious of the time of day the ever-convenient "hello girl" will not be your savior.

If you are held in your office while the Yankees and the Senators are pummeling each other at the bull park and you pine for the "score," central will be a blank if you ask her.

The White House and capitol could be raging torrents of flames, and you in your suburban home might seek knowledge of the location of the fire by taking down the receiver, but central is prohibited from advising you.

War has troubled the telephone service in Washington for purely legitimate business, and no longer is there time to be wasted by answering unnecessary questions, say officials of the company, who declared that more than an hour's time each day is saved by the company's decision to prohibit operators from answering unnecessary questions.

Another war move that saves time in Washington is the decision to close all departments to the public. Admission to the White House, except to the executive offices, is now refused to everybody. The time-saving process has even been extended to the street-car systems, which now have installed the skip-stop plan, by which the service is expedited.

Our Part in Feeding the Nation

(Special Information Service, United States Department of Agriculture.)

HOW TO SELL HOME-CANNED PRODUCTS.

These Home-Canned Tomatoes, Pimentos, and Peppers Are Attractive Enough to Sell Themselves.

NEARBY MARKET IS USUALLY BEST

Canning Clubs Should Be Able to Guarantee Packs of Different Products.

LABELS ON TIN CONTAINERS

As Necessary to Establish Reputation for Reliability as to Have Products Put Up Attractively—Cater to Needs of Buyers.

Well-stocked pantry shelves found in so many American homes have not been enough in the way of food saving for many women and girls who last year, especially through their organized clubs, put up millions of jars and cans of fruits and vegetables in response to the world's need of food.

Although some of this surplus canned food, that the pantry shelves would not hold, was sold on local markets, and some of it was even shipped to nearby points, here and there the home canners found that it was hard to sell the surplus. One of the main difficulties, as pointed out by the bureau of markets, was that the home-canned products were not standardized, for many cases were found where well-selected, carefully packed standardized goods brought good prices to the home canner.

Best Markets.

Local or nearby markets for home-canned products are usually the best. The attractiveness of the pack and containers affects its selling qualities. Merchants or other buyers do not want a miscellaneous assortment of products, and it is better practice to put different products in boxes by themselves and not to mix containers of peaches and peppers, for example.

In the same lot when offering them for sale, containers should be graded as to size and quarts and pints kept separate. Labels are necessary on tin containers and help sell canned goods.

Where products are put up by members of canning clubs under organized supervision it is possible to guarantee the pack of the different products as to grade and weight of measure. This is a considerable aid in selling, since the buyer then knows exactly what he is buying.

Pooling Products.

In case the products are pooled for marketing, the different kinds of fruit or vegetables can be placed together in graded-sized containers, when, perhaps, the pack of any one individual might not be large enough to make up a quantity sufficient to attract buyers. It is as necessary to establish a reputation for reliability as to have products put up attractively. The marketing of home or club-canned products can be made successful if the canners will study the marketing problem and enter to the needs of buyers. When orders are secured in advance for products, home canners should endeavor to fill the orders on time and give the buyer the kind of products agreed upon.

Why Beekeepers Fail.

Failure to make a success of beekeeping almost always results from lack of study of the needs of the bees, combined with the failure to do things on time. Beekeeping is essentially an industry which requires studious care, and in consequence the proper development of this branch of agriculture necessitates to an unusual degree the dissemination of information of a rather detailed nature. While there are published bulletins and

inexpensive garden tools.

The cultivation of a home garden requires very little expenditure in tools. A spade, a hoe, and a rake, representing a total cost of considerably less than \$5, are all the bought tools necessary to be used. Everything else can be improvised. A garden line can be made with a piece of twine tied to two sharpened sticks that serve as stakes. A thin piece of board or a shingle can be made into a serviceable trowel. A good scratcher and weeder can be made by driving about three small nails through the end of a piece of iron. A heavier weeder can be made from a piece of hoop iron, with one end sharpened, bent into a loop.

**CORN FOR SALE.** — Calvin Corley, phone 194-2 rings.

Mr. and Mrs. Joel Farmer and nephew, Willard Franks, arrived from Florida Thursday and will spend the summer at their home on Walker street.

E. L. Harpending, Notary Public
Mrs. R. H. Haynes went to Evansville last week to be treated for appendicitis.

FOR SALE. — One white-faced Hereford male, two years old. — J. N. Boston. 5 16 4t

W. O. Wicker, of Fredonia and Mexico, was in town Saturday doing some shopping and attending to other business matters.

Have your tires repaired now. The roads will be good in a few days.

Marion Steam Vulcanizing Co.

Mrs. R. F. Haynes, who was in Evansville on a shopping trip last week, has returned home.

FOR SALE. — Pure Wild Mallard Duck eggs. \$2.50 per 13 eggs. Write or phone 124-24. Mrs. Mont Morrell, Marion, Ky. 4 25 2 m p

Mrs. Hugh Agee is still in the Walker sanitarium and is not doing well. She was Miss Nonie Swaney before her marriage and has many friends here and in the county.

STRAYED from my farm at Sullivan, Union county, Ky., one pair of bay mare mules, 15 hands high. Please notify me and I will pay for same.

W. M. Quirey.

Mrs. Mary Gilbert Haynes, who was operated on for appendicitis at the Walker sanitarium, is recuperating and will soon be at home again. Mr. Haynes accompanied her and is still with her.

Don't throw away your old auto tires and tubes have them repaired.

Marion Steam Vulcanizing Co.

Creed A. Taylor is in the Walker sanitarium at Evansville, having undergone an operation for hernia and piles. He is improving and will be able to return home soon. His wife is at his bedside.

I have several good farms for sale close in, also have town property and mineral rights.

W. E. Bell.

William Sanford Adcock, of the United States battleship Utah, is here on a furlough, the guest of his sister, Mrs. J. B. Trotter. He was reared at Newton, Ala., which is his home. He has been in the navy two and a half years. He will leave today to go aboard his ship, the Utah.

For sale: A few jersey cows. F. W. Nunn.

Mr. and Mrs. R. E. Wilborn and son, Lyle, were in Evansville to spend the week end and to do some shopping and to have the young gentleman's tonsils and adenoids removed. He stood the operation and is getting along o. k.

For sale, some good, used auto tires and tubes.

Marion Steam Vulcanizing Co.

Mrs. J. D. Asher and little daughter, Mary Belle, and son, J. D. Jr., have returned from Evansville, where she took the children to have their tonsils and adenoids removed, which was done successfully at Walker's sanitarium.

CORN FOR SALE. — Calvin Corley, phone 194-2 rings.

Mr. and Mrs. Joel Farmer and nephew, Willard Franks, arrived from Florida Thursday and will spend the summer at their home on Walker street.

I have several good farms for sale close in, also town property and mineral rights.

W. E. Bell.

Cl. de Ramage has moved his pressing shop to the concrete building and Bud Fowler will operate his alone in the Press building.

FOR SALE. — Duroc Jersey Male and female pigs, eligible to registry. Have 15 of each. Price \$12.50 during May. After June 1, \$15.00. — J. N. Boston. 5 16 4t

Miss Iva Hicklin, who taught in the Ardmore, Oklahoma, City Schools the past year, has returned home and is now with Mr. and Mrs. J. D. Asher on Elm street.

When you have Backache the liver or kidneys are sure to be out of gear. Try Sanol, it does wonders for the liver, kidneys and bladder. A trial 50c bottle will convince you. Get it at the drug store.

Mrs. Rose Mayes, of Caldwell Springs section, was the guest of relatives and friends here to spend the week end. Her little nephew, J. F. Flanary Jr. accompanied her home.

FOR SALE. — Three mares, 3 1/2 and 6 years old, well bred. George W. Hill, Fredonia, Ky., Route 3. 4tp

Mr. and Mrs. C. W. Haynes and daughter, little Miss Elizabeth Lee, have returned from Walker's Sanitarium, where the daughter underwent a serious operation. We are glad to report that she is recuperating nicely and will soon be well.

Misses Ruth and Mamie Haynes, of Deland, Florida, arrived Sunday to spend a month with their brothers C. W. Haynes and his family at the old homestead on Salem street, and Willard V. Haynes, at Mrs. Croft's.

Gentlemen boarders wanted. T. J. McConnell, Phone 256.

Judge C. E. Doss and his little granddaughter, Pearl, of Shreveport, are seen almost daily driving through our streets behind "Billy Becker," a fine Shetland pony stallion, which Judge Doss recently purchased in Indiana. With his outfit, including harness and buggy with canopy top, he is quite a pretty picture, as fat and sleek as a mole and much admired by the children.

FOR SALE. — I have some new and second hand telephones for sale. — W. T. Black, Marion, Ky.

Little Miss Stella Fritts is a real heroine in the days of war. Recently she sold gloves for one of Marion's enterprising merchants, Mrs. Lottie Terry, who gave her all the profit to donate to the Red Cross Society. If a little girl can do that, why can't any one do something. We believe they can and should.

No time like the present to stop in digestion and stomach ills. Mico-tablets do the work. Sold by Haynes & Taylor; your money back if they fail.

Mrs. Katie Goodlove and little daughter, John Barnett Thomas, of Savannah, Ga., arrived last week to visit her mother, Mrs. May Barnett.

Mrs. V. Y. Moore came over Sunday after her son Jim A. and returned Monday to her home in Madisonville going via Nortonville on the afternoon train.

Mrs. T. J. Wring has returned from a visit to her daughter, Mrs. Richardson, at Mexico, and to her mother, Mrs. Fannie Travis, at Seven Springs.

Do you get up at night? Sanol is surely the best for all kidney or bladder troubles. Sanol gives relief in 24 hours from all backache and bladder troubles. Sanol is a guaranteed remedy. 50 cent bottle at the drug store.

Mr. and Mrs. Loren Yates and children of the Sheridan section were in the city shopping Tuesday and were the guests of Mr. and Mrs. A. J. Pickens.

Eugene H. Joiner has arrived in the city to spend his vacation. He graduated from Kentucky Wesleyan College on June 4. He won first honors for being the best all round man and was honor man at his graduation. — Madisonville Hustler.

Rev. Hugh Watson, will leave today for Nashville to attend a two days' institute of churches on "The Moral Aim of the War." While there he will be the guest of Vanderbilt University. Some noted speakers are on the program. — Madisonville Hustler.

Mr. Richard Maurice Horning of the Tribune section left Tuesday morning at 10 o'clock for camp Zachary Taylor. He is thirty years of age and has been detained on account of sickness.

Ray Flanary returned last week from Louisville, where he went to enlist in the Hospital Corps of the United States navy. He expected to leave today for the Great Lakes naval training station, near Chicago, but got instructions Wednesday to await further news as the training camp was crowded.

Mrs. W. H. Guess, of Marion, came Friday to visit her daughters, Mrs. W. A. Walker and Mrs. Jas. Dodds. Mr. Walker met her at Blackford. — Providence Enterprise.

Misses Edna Moryan and Lillie Gass who took positions last week at the office of Crittenden Record-Press to learn to set type are getting along nicely and will soon be expert typists.

The many friends of Gutherie Flanary, who has been in Honduras, Central America several years working for United fruit Co., will be interested to know that he has left there for the States to enlist in some branch of U. S. Army.

L. J. Allison who has been in the National Soldiers Home in East Tennessee all winter contemplates entering the U. S. Army as a guard and will probably leave the old soldiers home this month.

Rev. James F. Price preached at Poynterburg Saturday and Sunday. He went to Louisville Monday and to Booneville Tuesday. He will visit and preach at a number of churches and missions in Owsley county.

Fined For Vagrancy.

Jim Fork, white, of near Daniel Boone, plead guilty to a charge of vagrancy Friday afternoon and was fined \$10 and costs by County Judge Crick Monday afternoon. — Madisonville Hustler.

Judge Kevil Monument Erected.

On the lot where the late Judge J. Bell Kevil is buried a large granite monument has been erected which stands nine feet high and weighs 15,000 lbs. All those who are lovers of art will find in this memorial that the utmost

skill in monument making was put forth. This work was erected by Henry and Henry, having been purchased by the Kevil heirs of this city. There are three graves there now. Judge Kevil's, his wife's, and his daughter, Miss Mabel's and each has a large, full size slab over the grave.

**A Woman's Burdens**

are lightened when she turns to the right and left, her weight is made away by the elastic, the weakness, delicate derangements, and painful disorders that afflict her sex, she will find relief and emancipation from her troubles in Dr. Pierce's Favorite Prescription. If she's overworked, nervous, or "run-down," she finds new life and strength. It's a powerful, invigorating tonic and nervine which was discovered and used by an eminent physician for many years, in all cases of "female complaints" and weaknesses. For young girls just entering womanhood; for women at the critical "change of life"; in bearing-down sensations, periodical pains, ulceration, inflammation, and every kindred ailment, the "Favorite Prescription" is the only medicine put up without alcohol—ingredients on wrapper.

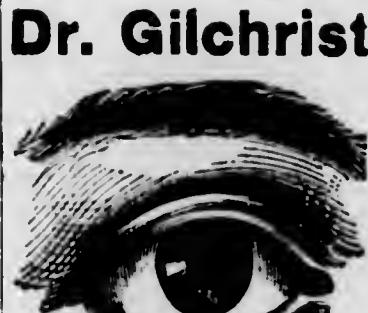

PATOS, VA. — "Eight years ago this summer I could hardly do anything, it was before our first born girl came. My lower limbs were so bad swollen I couldn't get out of bed. I was telling a friend what a condition my limbs were in. She said, 'Take my advice and get some of Dr. Pierce's Favorite Prescription.' So I concluded to try it and this is what it did for me. I had only used it about one week when my limbs quit cramping the pains better, and I could sleep all night, good, restful sleep, so I continued its use and had no trouble at all. Four years ago I used it again, and another little girl came almost entirely without discomfort. One year ago I again needed Dr. Pierce's medicine but did not get it as I was in very poor condition financially, and I suffered five days and nights. Now note the difference."

"I will always praise the 'Prescription' to any expectant woman for cramping in limbs and nausea. It makes women stout and gives extra strength and prepares them for motherhood. I know it has no equal." — Mrs. Gunby L. AM.

If Madisonville Can

Why Can't We?

City Engineer Geo. Flanagan will begin oiling streets of the city not oiled today. He will continue oiling until all of the streets have been oiled. — Madisonville Hustler.

Instruments for examining conditions inside as well as outside of the eye. Glasses scientifically fitted. Prices reasonable.

The right business training—the Draughon Training—will stop this loss, will take you out of the \$2 a-day class and put you into the \$5 to \$10-a-day class.

MISS EDITH PHILLIPS, Assistant Bank Cashier, Springfield, S. C., writes: "I'm glad I took a course at DRAUGHON'S."

R. M. FLOYD, Bank Cashier, Conway, S. C., writes: "At every opportunity I speak a word for Draughon's College, which I attended. I believe it is the BEST."

What the Draughon Training has done for these people it will do for YOU. Catalogue FREE. Draughon's Practical Business College, — Nashville, Tenn.

WORLD'S BIGGEST TRUST COMPANY

PART OF UNCLE SAM'S WAR WORK

Making German Money Invested in This Country Work for the United States, Is Important Work Being Done by the Alien Property Custodian—Citizens Urged to Help by Reporting Any Enemy-Owned Property in Their District.

Washington.—Call it what you will, the biggest trust company, auction shop, or bargain counter sale, Uncle Sam has it among his war activities. Congress gave it its charter, the goods dealt in are enemy owned, United States citizens are its stockholders, and the title of the business manager is alien property custodian.

It is doing a trust company business because the bulk of the property taken over belongs to individuals and has to be safely administered by Uncle Sam. It is an auction shop because the great industries here in the United States owned and controlled by German trade barons which are seized under the trading with the enemy act will be sold outright to loyal citizens of this country, Americanized, and German control of commerce and industry in the United States of America stamped out forever. It is a bargain counter sale because many times in odd collections of German owned property here and there are small pieces

inside the enemies' lines is subject to immediate seizure. Also all interned aliens here in the United States are classed as enemies and their property treated accordingly.

Agents of the bureau of investigation of the alien property custodian, under the direction of Francis P. Garvan, an experienced assistant to former District Attorney Jerome of New York, are combing the country for enemy owned property and millions of dollars' worth have been reported. But as much more is confidently believed still unreported. Some of it is actively helping Germany's deadly campaign of spying, bombing, and arson; all of it is potentially a menace.

A. Mitchell Palmer, addressing himself to the citizens of the United States and shareholders in this, the biggest trust company on earth, said: "The more of this property reported the more harmless it will be, the better the business of your trust company, the bigger the returns to the treasury.

A. Mitchell Palmer, Head of Biggest Trust Company on Earth.

that have to be quickly converted into cash to prevent loss either to the individual owner or to Uncle Sam. As such, they are passed across the counter in spot sales and the money turned into Uncle Sam's treasury.

But whether earnings or sales, this money is turned over by the alien property custodian to the treasury of the United States and there converted into Liberty bonds. Thus is German money made to work for Uncle Sam, to help build ships, buy food and supplies, and keep fields and factories at home humming with industry against the Hun.

Palmer is Director.

The alien property custodian in whose hands the direction of this great economic force against Germany has been placed is a Pennsylvania Quaker. His name is A. Mitchell Palmer. His forefathers came to America in the same ship with William Penn, and the family has lived for several generations within the lines of the original Quaker settlement.

When appointed by the president, Mr. Palmer for several days carried his oath of office in his pocket. He could not find even desk room in crowded Washington. That was only five months ago. Today his force numbers over 400 employees in Washington alone, besides the hundreds scattered across the country. The headquarters' force is now established in an eight-floor apartment house in one of the best residential districts of Washington which the government commandeered and took possession of before it was finished.

From here the alien property custodian is today making pencils in New Jersey, chocolate in Connecticut, brewing beer in Chicago, sawing lumber in Florida, mining metal in Mexico, running real estate stores and commission offices and public utilities in all parts of the country. This enemy owned property may be stock certificates, or bonds or debts, life insurance premiums, or cash, real or personal property, but to come within the reach of this big government trust company it must be either owned in whole or in part by persons living within the enemy lines or by persons trading with interests within the enemy lines.

Safe If He's Good.

If a German citizen lives here in the United States, obeys its laws, does not trade with Germany, and does not engage in any pernicious activities against the government, his property and his business are free from any interference on the part of the alien enemy custodian. On the other hand, the property of a citizen of the United States who maintains his residence

experience of Ridge Sly of Yakima, a member of the United States Marine Corps now with General Pershing's forces in France.

Sly's mother received a letter several days ago from her son in which he described his furlough, spent "somewhere in France" out of the battle zone.

In the letter he tells of being quartered in one of many hotels set aside for American soldiers on leave, where he was given the honor of sleeping in the chamber formerly used by the Greek monarch.

WHEN U. S. GOT BUSY MAN MADE CHECK GOOD

Burlesville, Okla.—During the Liberty loan campaign here, a collector secured a subscription from a business man who gave the worker a \$5 check as first payment on a \$100 bond.

The check was turned down at the bank when presented. Repeated calls by the collector found the man always absent. The collector turned the check over to a federal agent. As a government receipt had been given for the check, the latter called on the business man and presented the check. It was made good at once.

AMERICAN GAS MASKS BEST

Takes Only Six Seconds to Put It on and It Is Gas and Fool Proof.

Chicago.—When it comes to fighting gas attacks the American soldier is the best equipped in the world.

This is the declaration made here by Maj. J. J. Auld, chief advisor of the British scientific mission, who is a chemical expert.

He said that the German command has become so enraged at the failure of its high-powered gases to disconcert the Americans that they have offered a reward of ten marks to any soldier who brings in an American gas mask.

"The American mask is the marvel of the allied armies," says Major Auld. "It is absolutely gas proof and fool proof. It takes only about six seconds to put it on. Unlike the German mask it does not hang down and get in the way when one bends over."

IS BRAVEST WOMAN IN WAR

Officers' Tribute to Miss Beaton, Just Returned After Two Years' Service.

Denver, Colo.—Miss Enidie H. Benton, known to the officers of the allied armies as "the bravest woman of the war," has returned to her home in Denver, after two years' service on the western front in France as a Red Cross ambulance driver. After a brief rest, Miss Benton again will enter the service of the government in training women as ambulance drivers.

Miss Benton is known in the West as a typical outdoor girl. She excels in swimming, tennis, golf, trap-shooting, motoring and horsemanship.

On the western front Miss Benton was under fire a score of times. She helped carry wounded from No Man's Land and was driving an empty ambulance from a hospital to the front when the car was wrecked by a shell.

GERMAN BANNED IN SOUTH

Language of the Hun is Being Eliminated in Schools and Churches.

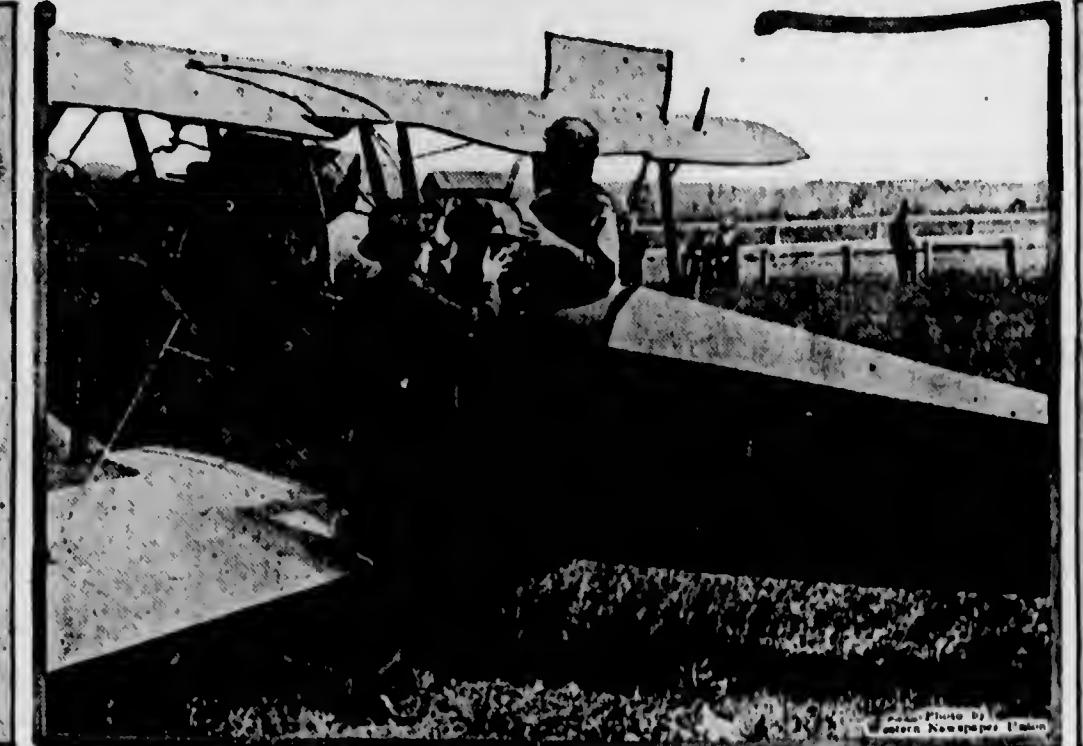

Birmingham, Ala.—German language and German names are being eliminated in the South. The most recent evidence of this fact is shown by announcement of Rev. Hans Reuter, pastor of the Zion Lutheran church, to the effect that he will discontinue preaching sermons in the German tongue. Hundreds of schools have eliminated teaching German and business houses in several Southern cities have changed from German to English names.

MAIL FOR FRENCH WAR PRISONERS

The city gymnasium at Berne, Switzerland, has been converted into a post office for French prisoners interned for the period of the war. Here all mail for prisoners is received and sorted for distribution among the various prison camps.

FIRST AMERICAN AIR POSTAL ROUTE, NEW YORK TO WASHINGTON

The first air mail route in America, between Washington and New York, is in fairly successful operation now daily. The photograph shows Postmaster Patten of New York handing a mail bag to Aviator Webb at the start of the initial trip.

VANGUARD OF AMERICAN TELEPHONE GIRLS REACHES FRANCE

These are the first of the American telephone girls who are going to operate the switchboards for our soldiers in the fighting lines, photographed on their arrival for duty in France.

NURSES TAKE GAS TRAINING

To fit them for duties on the front, hospital army nurses are receiving gas instructions at Camp Kearney, California. This official photograph shows one of the army nurses leaving the gas chamber.

Japanese Hero Worship.

The Japanese are a hero-worshipping people who treasure their own past. American history has none of the picturesque atmosphere that adorns feudal Japan, still an actuality in the lives of many of the grandfathers of young people now in school. Through their tales, history is fresh. No alchemy compounded of modern disillusionments can convince the young Japanese that the glamor of the past is not all gold. The rich brocades and gorgeous attire of the feudal lords of the Tokugawa days, the beautiful elaboration of temple and palace, the exquisite art and craft productions, the ritual of elegant ceremony attached to court life, the ancient ideal of Bushido, or knightly conduct, everywhere encountered in illusions to heroism and loyal deeds, all lend their vibrancy to old Japan.

His Day Cut Short.

"I don't understand this law business."

"Huh?"

"They said I was to have my day in court. All the neighbors turned out."

"Well?"

"The judge disposed of my case in less than a minute."

Evasive.

"Did your husband speak of the punch he got at our house?"

"Well, I must say he came home just full of it."

GEN. MARCH'S DAUGHTERS WED OFFICERS

When Josephine March was married the other day to Maj. Joseph M. Swain, the three daughters of Gen. Peyton C. March, chief of staff, had become war brides within six months. Josephine is shown below at the right. At the left is Mildred, who married Capt. John Milliken, and above is the general's second daughter, whose husband is Capt. Paul Russell Frank.

UNITED STATES MARINES IN A TRENCH

Here are some of the American marines in a trench in the American sector in France, ready to meet a rush of the Hunns. Many of the Marine corps are now on the fighting lines.

Prayermeeting every Sunday night at the Methodist church.

Roy Joyce has returned home from Norfork, Va.

Frank Easley and daughter, were in Providence Thursday.

Pinnie Boyd went to Henderson Saturday.

WHAT CATARRH IS

Science has shown that nasal catarrh often indicates a general weakness of the body and local treatments in the form of snuffs and vapors only irritate and do little if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building-tonic, free from any harmful drugs. It is helping thousands. Try it.

Scott & Bowne, Bloomsfield, N.J.

TOLU

Mrs. T. F. Harris has returned from Florida, accompanied by her nieces, Mary Elizabeth and Mildred Bennett, who spent the winter with their grandparents, Mr. and Mrs. Harry Haynes.

BRISCOE 1918 CAR

This new 1918 model BRISCOE touring car is a beauty and has a record of 25 to 30 miles per gallon of gasoline in ordinary use.

But the biggest economy is in the first cost of the BRISCOE which is \$825.00. F. O. B. Jackson, Mich., and embodying as it does the "half million dollar motor" and a proved chassis is less than the price of any car of equal strength, and good looks. We have been fortunate in receiving the agency of the BRISCOE for Caldwell, Lyon and Crittenden counties. Let us show you this wonderful car.

S. C. BENNETT & SON, Fredonia, Ky.

WHO HAS BEEN THIS COUNTY'S MOST PROMINENT CITIZEN DURING THE PAST HALF CENTURY?

HAS OUR COUNTY A BUILDING OVER FIFTY YEARS OLD WORTH A PLACE IN HISTORY?

Kentucky is to have a Hall of Fame—limited to the most prominent citizen, of our county's most prominent citizen, in each of the 120 counties.

We have been asked by the Courier-Journal at Louisville, which is celebrating its semi-centenary by publishing interesting historical facts about every section of the State, to give our people an opportunity to select by voting this county's representative in this Hall of Fame.

The Courier-Journal will print pictures and brief life sketches of those chosen by the different counties. These will appear daily during this summer and fall, in a series of 120 articles—one to each county—entitled, "What Kentucky Has Done in the Past Fifty Years," concluding with the issue of November 8, which is the Courier-Journal's Golden Jubilee day, having on November 8, 1868, succeeded the Louisville Daily Journal, which was started in 1820, the Louisville Daily Democrat, begun in 1843, and the Morning Courier, first issued in 1844.

In addition to the picture and sketch limited to the most prominent citizen, the Courier-Journal wants for the article on our county a picture of and brief story about the oldest building in our county—church, school, home, business or Government structure.

Use the coupon below. Fill it out, write plainly with pen or pencil, and bring or mail to our office on or before June 15.

We will announce in our paper, as soon as the coupons have been canvassed, the name of the prominent citizen receiving the largest number of votes, and the building found to be the oldest in this county. The Courier-Journal will furnish us with half-tone illustrations of both, together with the article to appear on our county, and we will reproduce these immediately following their appearance in the Courier-Journal.

Three leading citizens of our county will be asked by us to canvass the coupons when all are in. In case of a tie, this committee will make a choice and the decision will be final.

Hall of Fame And Oldest Building Coupon.

Crittenden county.

Editor RECORD-PRESS,

Marion, Ky.

I vote for (write very plainly) _____ as having attained the greatest prominence in our county during the past fifty years—1868 to 1918.

Remarks.....

Conditions: No one now living is to be voted for. Person voted for need not have been born in this county, birth may have antedated 1868, but prominence must have been attained while a citizen of this county.

I believe the _____ is the oldest building in our county and is entitled to a place in history. It is located as follows (please give location in a way to make identification easy).....

I understand this building was erected in (give year).....

Remarks.....

Signed.....

Address.....

It is not necessary to vote on the most prominent citizen and also express belief in the oldest building. You may do either or both as you prefer.

You are limited to one vote on the most prominent citizen and one expression of belief as to the oldest building.

Bring this coupon to our office or mail to us not later than June 15. This coupon will not appear in subsequent issues. If you are interested in it now and bring or send it to us.

A number of our people attended services at Tyner's Chapel Saturday.

Mrs. Sarah Patten and daughter Miss Julia, visited Jim Patton and family Sunday.

Henry Guess was in Fredonia last Friday.

Everybody should attend the national prayer meeting Thursday.

FOR SALE.—I have two good milk cows with young calves for sale, priced to sell. Harry Harpending, Salem road.

I have several Jersey cows for sale. F. W. Nunn.

Stomach Trouble

I cannot Praise Your Wonderful Medicine Peruna Enough

St. Sophie Bauer, 621 First Ave., North, Paribault, Minnesota, writes:

"I cannot praise your wonderful medicine, Peruna, enough. It has done much for me during the past ten years and I keep it in the house continually. I was in such a condition that I could eat nothing but bread and milk, and even that was too heavy for me at times. Now, I can eat anything. I will recommend Peruna to all my friends."

Those who object to liquid medicines can procure Peruna Tablets.

On producing veins in proven territory to miners, operators, producers or prospectors.

1600 lineal feet of John Hodge vein, crossing Lindford Kirk's farm near Mexico R. R. station.

1650 lineal feet of the Marion Breaks, crossing Jake Kirk's farm near Crayne R. R. station.

2400 lineal feet of Eaton Fault vein, crossing Charles Walker farm near Crittenden Springs.

Examine these properties and then send me your best bid, royalty, length of lease, minimum royalty and when you will begin work.
